26th May 2011

Dear Parents/Carers

I met with the children yesterday, to discuss and agree certain outcomes related to the problems around bringing scooters, skateboards and bikes to school.

The outcomes were as follows:

1. No riding on school property which means that as soon as they cross the road, they should dismount.
2. A sign is to be erected to remind children as well as parents of this fact.
3. As a first warning, there will be a 1 day ban on bringing the equipment to school should a child be found scooting/skating or cycling around school.
4. At a second warning there will be a ban for one term.

Finally, from next term all scooters, skateboards and bikes will be housed temporarily in the old canteen. The door will be locked at 9.10 am to ensure their safety during the school day.

If you have any further queries, please do not hesitate to contact us.

Yours sincerely

David Forrester
